

Board Recalls Older's Early Activity Here

S. F. Editor's Death
Brings Expression
Of Regret

The San Mateo County Board of Supervisors on Monday passed a resolution expressing regret at the passing of Fremont Older, 78, famed crusading editor, who guided his start on the Times-Gazette.

The action of the supervisors here came upon motion of Supervisor Albert Witt, Colma, and second of Supervisor John Poole, Redwood City.

Older began his editorial experience on the old Times-Gazette in Redwood City, taking up the pen during the absence of the editor while he was serving the paper as a printer.

The militant defender of the "underdog," who early in life dedicated himself to the exposure of graft in high places, was business manager of the Times-Gazette from April 1, 1882, to October 21, 1882. He served as editor of the paper from March 24, 1883, to March 29, 1884.

Older began managing editor of the old Bulletin in San Francisco in January, 1895, going to San Francisco to serve in various newspaper capacities after leaving Redwood City.

He died in a log cabin in Appleton, Wis., in 1885. He entered newspaper work at 15. He became editor of the San Francisco Bulletin in 1895 and as manager and editor of that paper, the San Francisco Call and later the combined Call-Bulletin, he attracted national attention with the vigor of his crusading campaigns for municipal, state and national betterment.

His most famous crusade was the exposure of the municipal graft which followed the 1906 fire in San Francisco. He also campaigned in recent years for the release of Tom Mooney, labor leader, from life imprisonment in connection with the 1916 Preparedness Day bombings.

The body was returned to his country estate for burial Tuesday. Here is Fremont Older's last and unfinished editorial, begun as death approached him, and which appeared in today's San Francisco Call-Bulletin:

MONTAIGNE MODERNIZED
By FREMONT OLDER
I have been unable to find a gloomy note in Lowenthal's biography of Montaigne, one of the world's greatest philosophers.

He refused to be depressed by death, which is the inevitable end of us all.

When he passed 50 he made up his mind that he could run no longer.

He thought it was enough that he crawled.

No complaint of the natural decay which slowed up his pace, nor that his life was not as sound nor as long as an oak.

Holmes Mourned As Death Comes To Aged Jurist

WASHINGTON, March 6 (AP)—President Roosevelt led the nation in mourning for Oliver Wendell Holmes, retired justice of the supreme court, who died early today after a long life of service to the state. Death came at 2:15 a.m.

His death was a signal for an outpouring of tributes and eulogies such as ordinarily reserved only for presidents, kings or emperors. The president said:

"We cannot minimize the grief of his passing but we can find solace in the thought that he was with us for so long. His was a life of rare distinction; soldier, scholar, author, teacher, jurist and gallant gentleman, he personified throughout his long career the finest American traditions."

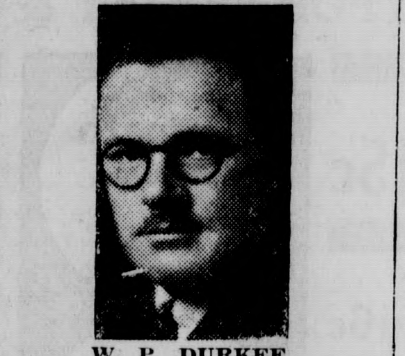

CLAIM WINS APPROVAL
Claim for \$28.40 against the city, made by Harry Gelbmann, butcher, for damage done to an ice refrigerator in the shutdown of the city water supply, was ordered paid by the council Monday. No further similar claims will be allowed.

SHELL OIL SEES BIG YEAR AHEAD

Public Service Needs
Stressed in Letter
To Managers

"Be ready for more business in 1935!" This was the heart of a terse message from W. P. Durkee Jr., newly appointed Marketing Vice President of Shell Oil Company, received yesterday by Robert Imman, local manager for Shell.

Stressing the point that Shell stations must be ready in every way to serve the 1935 motoring public, Durkee urged immediate review of map supplies and touring information; cleanliness of rest-

W. P. DURKEE

room facilities, and appearance of service stations and garages.

Durkee's communication revealed that Shell, confident business is going to be better this year than for many seasons past, has authorized one of the most aggressive advertising and sales promotion programs ever undertaken.

"Mr. Durkee has given us the job of seeing to it that this year Shell stations are easier to find and give better service than ever before," Imman said.

Among reasons cited in Durkee's memorandum for Shell's confidence in 1935 are January automobile production of 350,000 cars, the biggest since January 1929; new car registrations in January double those of the same month in 1934, and a skyrocketing jump in January tourist travel in the West to 47 per cent over January a year ago.

Motorist Dies In P. A. Crash

Santa Rosa Man Hit
By Two Machines,
Officers Believe

Blows from two automobiles were blamed today for the death in East Palo Alto on the Bayshore highway early Sunday of Harlowe Harris, of Santa Rosa, 32, commercial representative for the Pacific Telephone and Telegraph Company.

The accident climaxed a house warming party at the home of Dale Frayne, 124 O'Connor street, East Palo Alto.

Horribly mangled, the body of Harris was found strewn over the road. Two miles away fast asleep in her home a police found Mrs. Helen Harris, his wife, unaware of the tragedy. Her brother, James Mathson, 27, of San Jose, was found wandering in a daze nearby.

As police and deputy sheriffs pieced the accident together from various incoherent accounts, the drivers of the two machines which had started for San Jose at 9 o'clock in the morning. Near the Willow road crossing of the Bayshore highway they stopped the car, the two men getting out.

For some unaccountable reason, Harris drove the car away, north, leaving the two men behind. Harris apparently wandered onto the highway and was struck by two automobiles going in opposite directions. His body was found just off the shoulder of the highway, his head crushed.

The body of Harris has been sent by Layng & Tinney to Oakland for burial. Harris, a graduate of the College of the Pacific, formerly lived in San Jose.

Deputy sheriffs were today seeking to establish identity of the drivers of the machines which struck Harris.

An inquest into the death will be conducted by Coroner William Crosby next Tuesday.

Health Director Fate Is Still Undecided

Decision on whether he will appoint Maj. Charles C. Gans as county health director has not as yet been made by County Executive Walter Kellogg, he said today.

The scheduled conference with District Attorney Gilbert Ferrell which the executive planned to hold yesterday to discuss Major Gans' health qualifications failed to materialize, he revealed. No reason was given for the conference not being held.

Council Orders Sunday Closing Of Food Stores

Night Lock-Up Hour
Also Set By City
For 7:30

DUE APRIL 18TH

C. C. Supports Plan
After Study Made
By Committee

Closing of Redwood City retail food and grocery establishments, including delicatessen counters, on Sunday and after 7:30 p. m. was ordered by the city council Monday in introducing an ordinance approved by the directors of the Redwood City Chamber of Commerce.

The movement had its origin in a suggestion from Walter Noble of the Peninsula Stores Ltd., and was referred by the city council to the chamber of commerce. The chamber named a committee consisting of H. E. Hallett, Abraham Harris and William Hohn. They recommended adoption of the ordinance.

Councilman Paul McCarthy moved for the introduction and Councilman Robert Jones offered the second. The council voted unanimously. Final adoption will come March 18, and the ordinance will go into effect April 18.

The ordinance was drafted by City Attorney Albert Mansfield along the lines of one in effect in Toledo, O.

OPENING HOURS SET
Store hours are fixed between 7 a. m. and 7:30 p. m. daily, except Saturday and Sunday, preceding a holiday, when the time is extended to 9 p. m.

Stores operated by Seventh Day Adventists, who observe Saturday as their sabbath, may remain open on Sundays between the hours of 7 a. m. and 9 p. m.

The ordinance does not apply to the sale of food in restaurants for consumption on the premises; the selling of confections, including ice cream; the selling of milk or its products by delivery from house to house upon regular routes, or to the sale of drugs.

The purpose of the ordinance was declared to be to provide employees of stores with one day's recreation per week and to relieve competitive conditions which result in long hours of employment.

The First Baptist Church supported the ordinance in a communication from Jane E. Wildman.

Camp Carleton Is Abandoned

Only Skeleton Force
Left Behind Here,
Glover Reports

Only a skeleton work crew of a superintendent and 10 men remain today at Camp Carleton, the federal boys' camp on Canyon road.

All boys and most of the equipment have been moved to Camp Roosevelt, near Hayward, or to the new model camp at Grizzly Flats, near Watsonville, where work is being done on the city water sheds. Capt. J. W. Glover, assistant director of the state transient service, announced this morning.

The transient service contemplated locating a new camp either in Memorial Park, or near enough to that which would be available for improvement work in the park. Captain Glover said. This would be one of the 19 new camps necessitated by a recent ruling by Harry Hopkins, federal relief administrator, limiting the number of men in state and transient shelters to 250. Some of the shelters at present, Glover said, accommodate over 500 transients.

The men in the proposed camp at Grizzly Flats would furnish San Mateo county with forest fire protection, Glover said.

Final Decree Given Mrs. Louise Fallon

Mrs. Louise Fugazi Fallon, member of the prominent San Francisco banking family won the right to resume her maiden name with a final decree of divorce from Leo Fallon in superior court here late yesterday.

She was also awarded \$600, which Superior Judge Maxwell McNulty ordered Fallon to pay in monthly installments. Mrs. Fallon charged cruelty. The couple had been married seven years.

Motorists Swing General Advertising to Newspapers

Questioning of thousands of motorists on the Pacific Coast by General Petroleum Corporation has revealed interesting data upon which the company will base its 1935 advertising campaign. In Northern California the family which most closely fitted the average of all the answers to the questions asked was Mr. and Mrs. W. C. Du Bose and their two children, Louise and Billy, of Redwood City. They are the "Mr. and Mrs. Average Motorist" of this part of the coast.

THESE ARE AVERAGE FIGURES: HOW DOES YOUR CAR COMPARE?

In California the average car costs \$756, consumes 656 gallons of gasoline in the course of a year; travels 7872 miles; requires an average of 7 1/2 grease jobs; needs 1.4 tires replaced; averages 12 miles to the gallon of gasoline; consumes about 78 quarts of oil; uses up half an average-cost battery, and runs up a repair bill of less than \$10, excluding tire repair costs.

The figures given above were arrived at by averaging the answers to thousands of questions asked thousands of motorists of Northern and Southern California last fall by General Petroleum Corporation. It was not idle curiosity that led the company to go to the expense of conducting the survey; it also wanted information upon which to base its 1935 advertising campaign; particularly it wanted to know what advertising medium has most influence upon the average motorist in his buying.

Newspapers won; and so again in 1935 newspapers will be in the forefront of the campaign to make motorists throughout the Pacific Coast area better acquainted with Mobilgas and Mobiloil and with the Flying Horse symbol of General Petroleum Corporation, according to announcement made yesterday by M. D. Leh, assistant general sales manager of the company.

First 1935 advertising of the General Petroleum will appear in The Tribune on Monday, March 11.

Two Dogs Redeemed From Pound in Month

Only two persons who lost their dogs last month cared enough to redeem them at the city pound, it was disclosed by the monthly report of Humane Officer A. McKay, filed last evening with the city council.

Forty-two dogs were received during February, 7 sold, and 41 destroyed. Some of these had been kept from January. Cats fared even worse, 30 cats being received and 30 destroyed.

Warner Baxter, who will co-star with Janet Gaynor in "One More Spring," playing Sunday and Monday at the Sequoia Theatre. On the same bill will be "Murder on a Honeymoon," with James Gleason and Edna Mae Oliver.

COUNCIL HERE URGES EARLY PORT ACTION

Councilman McCarthy Presents Resolution
Urging County-Wide Commission
To Redraft Boundaries

PROJECT HELD VITAL TO PENINSULA

Board Suggests 'Reasonable' Bond Issue
To Undertake Port Development
On City's Waterfront

Reduction in the size of the San Mateo County Harbor District to include only Redwood City and adjacent areas if this step is necessary to secure immediate development of Redwood Harbor was urged in a resolution adopted by the city council Monday night.

Councilman Paul McCarthy, declaring himself in sympathy with an editorial in The Tribune advocating action on the port development, drafted the resolution and introduced it. Councilman Louis Christensen seconded the motion and the council voted unanimously to adopt it. Harbor Commissioners Percy Shaw, S. A. Keyston and Henry Beeger are urged by the resolution to rearrange the district, if necessary, in order to place a "reasonable development" before the public at an early election to assure start of this vital project.

The resolution urges the port commissioners to secure the operation of congress in the development. Congressman John J. McGrath of San Mateo, now in Washington, has been an ardent booster of the project over many years.

McGrath has secured federal commitments for the project, which since have been withdrawn because of the failure of the voters of the county as a whole to approve a bond issue for \$450,000.

McCarthy's resolution urges a bond issue of a "reasonable" sum. The future of Redwood City and the whole peninsula is held to be tied up in the harbor, which is expected to attract industry to the tidelands and to give a development which will tend to check the flow of population to the Eastbay on the completion of the bay bridges.

Further devaluation of the harbor project was not in F. R. Plans

WASHINGTON, March 6 (AP)—President Roosevelt feels there should be further adjustment between the dollar and the nation's debt structure, but suggestions that he contemplates further devaluation are absolutely unfounded, the White House said today.

After Mr. Roosevelt had discussed the economic situation at a press conference, a White House attache declared that any inferences that he contemplated further devaluation were absolutely untrue.

Mr. Roosevelt expressed belief that the debt burden has been relieved enormously, but that the debt column of the national balance sheet is still much too high.

WITT SCORES EXPENSE OF CHECKING SIGNERS UNTIL LEGALITY KNOWN

Ferrell Asked to Say
If Amendments Are
Rightly Drawn

Ruling on the legality of petitions asking changes in the San Mateo County Charter was made Monday of District Attorney Gilbert Ferrell by the board of supervisors, after Supervisor Albert Witt, Colma, had protested against the clerk spending any time checking the signatures until the papers were legally valid.

County Clerk Elmore B. Hinman told the board the petitions have not as yet been filed with his office, but that they have been merely presented for checking by Attorney Wayne Millington, councilman here advocating the charter changes. Hinman said the procedure being followed by his office is the usual one pertaining to petitions.

Witt protested paying out county funds on using county employees in checking the petitions until it is established by Ferrell that the proceedings are in legal order.

This action is the first cognizance the board has taken of the charter change movement.

The charter petitions propose that the office of County Executive Walter Kellogg be abolished and that a new one be created with a county administrative officer in charge. This new officer would be an elective one.

Other changes proposed are that the several now-appointive offices be changed back to their former elective status.

Millington has defended the procedure as legal, but a group of other attorneys, including W. H. Morrissey, foremost advocate of charter repeal, has attacked the petitions as illegal because of the question of whether the proposed amendments are stated in full or merely by reference.

TO PREPARE REPORTS
Supervisor Witt's request for financial reports from County Auditor Edward Stack showing the status of the various funds was answered today by Deputy Auditor George Filbert who said these would be ready shortly.

Witt was concerned over reports in some of the newspapers that Stack had declared he would not furnish the requested information because he did not have sufficient help.

Filbert said today that Stack has not refused the reports but that he has not yet received them.

ATHLETICS DISCUSSED
SAN MATEO, Mar. 6.—Twenty-five representatives of civic clubs and veterans organizations met here last night to consider means of fostering amateur athletics in San Mateo. Following a lengthy discussion another meeting was called for next Tuesday.

Sidewalk Radio Broadcasts Hit Before Council

Board Orders Measure
Drafted to Control
Loud Speakers

ANNOYANCE TOLD

Interruptions of courtroom proceedings and complaints from title company and other employees that musical programs were interfering with their thinking resulted Monday in the voting of a ban by the city council on sidewalk radio broadcasts.

Use of loud speakers or sound amplifiers for any outdoor broadcasting will be forbidden under the terms of the proposed ordinance except in the following cases:

1. Making of charitable appeals.
2. During or as part of public events.

3. Broadcasting of ceremonies, games or amusements, such as the world series and the football games.

The ordinance also regulates the operation of sound trucks advertising theater programs or other events and political candidacies.

Radio sets in automobiles or in homes or inside stores will not be affected by the ordinance, except that these instruments are not to be played with such volume that they cause the sound to project outside.

In the case of radio stores, the ordinance would permit the playing of receiving sets for demonstrations, "provided that the reception shall not be amplified beyond the reasonable necessities of such indoor demonstration."

Use of loud speakers on mobile equipment is subject to a permit from the chief of police and will require the payment of a \$25 fee to the department of electricity for initial testing and inspection.

City electricians will certify to the maximum permitted volume and output. The equipment will be subject to monthly inspection by the city and will cost \$2 per month additional. Extra inspections during the month shall be charged at the rate of \$1.

Sound equipment in trucks or automobiles will not be permitted in use between the hours of 10 p. m. and 10 a. m. The broadcast will not be permitted within 300 feet of any church, school, hospital, court, or public building or undertaking parlor, and the equipment must be kept in motion at a speed of at least 10 miles per hour.

The loudspeaking apparatus will not be permitted to traverse any one block more than four times in any one calendar day and will not be permitted to traverse any part of the city west of El Camino Real.

Violations call for a fine of \$500 and/or imprisonment of six months or both.

The ordinance was presented by Attorney Fred Comba on behalf of the California Pacific Title and Trust Company, Daniel Stafford, Dan Foley and others. Comba said it was not directed at any individual.

Simpson Reinhard, Sequoia theater jeweler and radio dealer, voiced objection to the proposed ordinance and declared it was "discriminatory" and would force him to give up his business.

Reinhard said that he would have listened to any complaints of interruptions and had never been spoken to except by the late Superior Judge Franklin Swart.

He said he had looked upon Judge Swart's remarks as merely a "pet grievance."

Councilman Paul McCarthy, who said the city long ago should have taken some regulatory steps, moved that the ordinance be referred to City Attorney Albert Mansfield to be drafted into law. Councilman George McNulty offered the second.

Committee to Study Removal of Station

BURLINGAME, Mar. 6.—Removal of the Market Street Railway station at California drive and Burlingame avenue, advocated and opposed by various civic groups, was referred to a committee composed of Councilmen C. A. Buck and W. W. Hives when the matter was broached at the city council meeting here.

Another matter, that of purchasing radio equipment for police, was also referred to a committee composed of Hives and William D. Handies.

Further discussion of the garbage burning question was held, but no action was taken in the matter.

MENLO PARK

James Cox, former resident of Menlo Park, passed away in San Francisco on Friday following a brief illness. The deceased resided in Menlo Park in the 80s. As a young man, he married Miss Mary Maloney, oldest daughter of the late John Maloney. The young couple moved sometime afterwards to San Francisco where he became a successful businessman. He has a grandson attending St. Patrick's Seminary. Mr. Cox is survived by his widow and several grown children.

Joseph McCarthy, owing to illness, is home from the East, where he has been attending a medical college for two years.

The new owner of the O'Keefe block on the highway is improving the property. It was sold a short time ago by order of the superior court for \$12,500. The holding belonged to the Mary O'Keefe estate which will be shortly distributed to some 50 heirs. James T. O'Keefe is the attorney for the estate and Father Dennis Bailey the executor.

During Lent, special services will be held in all the Menlo Park churches. In the Church of the Nativity, on Friday evening, the way of the cross will be conducted and benediction given.

Miss Mary Carleton, the pretty school teacher, has returned from a vacation at Carmel.

James T. O'Keefe Jr., has returned from Sacramento, where he went to represent the City of Menlo Park on the liquor question. The board did not give a decision, but intimated that it would postpone the question indefinitely.

Ash Wednesday was observed in Trinity Episcopal Church with Rev. Ralph Smith officiating.

Menlo Park American Legion auxiliary is sponsoring a poppy post contest among the students of the various local schools. Mrs. E. M. Ryan is chairman.

Mr. and Mrs. Douglas Lewis are the parents of a baby girl born in San Francisco last week.

Isabelle Lindquist sang two hymns and acted as organist for Bonita Parlor of Redwood City at

the memorial services in San Mateo Tuesday for Miss Alma Earley, a member of Bonita Parlor.

Mrs. Loren Ross is visiting her sister in Fresno.

Mrs. Carroll A. Devol is convalescing from a serious attack of influenza.

Mrs. Leon French was called to Monrovia, Wash., because of the sudden death of her brother. Her mother, Mrs. M. Greene, accompanied her. Mrs. French was formerly president of the Legion auxiliary here.

The successful rummage sale held in the Maloney building Tuesday netted the local parent-teachers' group a sum which will be used to serve lunches to undernourished children.

The San Mateo County Council gave an hour program at the Veterans' Facility recently. Isabelle Lindquist was master of ceremonies. Her daughter, Emma Lindquist, gave a Dutch dance in costume.

A theft-proof leather bag, which makes a noise like an automobile horn when held by a person who doesn't know how to hold it correctly, has been exhibited in London. The bag is intended for bank messenger use.

FREMONT OLDER

In the death of Fremont Older, journalism has suffered a distinct loss and the state an able and fearless man.

The Times-Gazette mourns for him for it was on this paper that he began his editorial career. He first came to the paper as a printer in 1882 when the late J. V. Swift was foreman of the shop.

Older's ability was soon recognized by the owners and he was promoted to editor. In his book, detailing his life history, he gives quite a space to his work on the Times-Gazette. He speaks affectionately of the many happy days spent on the paper. He also pays high tribute to his associates of long ago who worked with him. Older always displayed a warm affection for his first love, visiting the journal at least once a year.

In 1884 he became a reporter on the Daily Call, San Francisco. From then on his advance was rapid. In 1893 he represented the Call at a stormy session of the state legislature at Sacramento, making a record for his fearless reporting of the news of that session when Stephen M. White was chosen senator over C. N. Felton, the Republican candidate.

Those reporting the doings of the session that year were the late George Squires and Edward Hamilton, two of the ablest newspapermen in the state at that time. Squires afterward became a prominent resident of San Mateo county and a power in politics. All three men have now passed over the divide.

Older will always be remembered as a friend of mankind and of the lowly and downtrodden. He fought the battles of those in trouble and was quick to aid the sufferer and the poor. His good deeds will forever remain green and fresh in the memory of man.

\$350 Alimony Asked In Nieri Divorce Suit

Charging extreme cruelty, Mrs. Dora Mae Nieri today sued Silvio Nieri, South San Francisco and San Bruno undertaker, for divorce.

In her action, which was filed for her in superior court here by Attorney R. A. Rapsey, Mrs. Nieri claims that community property of the couple totals approximately \$110,000. She asks \$350 per month alimony.

The couple married April 7, 1920, and separated yesterday, according to the complaint.

Townsend Plan Wins Backing of Council

Backing the Townsend old age pension plan by a vote of 5 to 1, the city council last night memorialized congress to adopt measures putting it into effect.

Councilman Robert Jones moved for the introduction of the resolution, and Councilman Louis Christensen seconded it. Councilman Paul McCarthy opposed the measure, holding it to be impractical in the present form.

A. B. Streiker and other committeemen of the Redwood City Townsend Club presented the resolution.

38 Are Arrested By Local Police During February

In the monthly report of the local police department filed by Chief C. L. Collins last night with the city council, it was disclosed that during February 38 persons were arrested and booked.

The arrests fell in the following categories: fictitious checks, 1; grand theft (auto), 1; drunken driving, 3; drunkenness, 17; assault and battery, 1; battery, 1; petty theft, 6; disturbing the peace, 3; and vagrancy, 3. Two juveniles were arrested and booked as runaways.

There were 30 traffic arrests during the month. Complaints received numbered 125, of which 11 were for petty theft and 14 for disturbing the peace.

Twenty prisoners were fingerprinted.

Building Sold For \$150,000 In Burlingame

BURLINGAME, Mar. 4.—Sale of the six-story building at the northeast corner of Burlingame avenue and Primrose road here for \$150,000 to Lloyd B. Simpson and Raimund B. Wurlitzer by the Stelling and Gould firm has been announced.

With a frontage of 50 feet on Burlingame and 110 on Primrose, the structure houses six stores, including the Ladd Drug Company, Golden State Creamery, Rone's Candy Store and San Carlos Cleaners.

Part of the consideration given by the buyers included two fine Hillsborough homes and four parcels of land, including two lots and acreage along Lombardi lane, in one of the choice parts of Hillsborough.

Former City Clerk Of San Mateo Dies

SAN MATEO, March 4.—Miss Elma F. Early, former city clerk of San Mateo, died at her home at 79 North Ellsworth street today. She was an active member of the Redwood City parlor, Native Daughters; of the San Mateo Rebekah Lodge, and of the local Business and Professional Woman's Club. Her mother, Mrs. Marion Early, survives.

MAY ASK WEBB'S OPINION

An opinion from Attorney General U. S. Webb on legality of the charter change petitions now being circulated here may be sought by District Attorney Gilbert Ferrell, he said today.

TWO CLAIMS REJECTED

Claims against the city for \$55,000 for motor car damages, filed by Orrin and Thelma Hopping, Monday night.

YACHT WAYS APPROVED

Construction of a ways at the yacht harbor to repair pleasure craft was approved by the council last night.

Spring Hats Take A Forward Look

PARIS, March 7 (AP)—Spring hats have joined the "forward movement."

Half the new ones are designed to sound the slogan "Eyes front!" Sometimes the brim scoops well out over the eyes in poke bonnet effect, sometimes the trim is in the front, again the brims which roll upward are pulled well over the forehead. But the side tilt still holds.

Here are some other noteworthy trends in spring headgear: The towering toques of winter have given place to flatter hats, with height often given by such effects as two quills raking skyward.

Feathers and flowers are much used as trims.

There are many novelty straws—soft and silky, shiny and reed-like or very rough.

Black, navy blue and hyacinth blue are outstanding colors.

Hats 'Follow' Clothes

These are advance pointers, however, for the real chapeau news must wait until dressmakers have done their writing on the fashion wall and the modistes know what spells "clothes" for the spring of 1935.

Suzi has launched her beloved sailors in new guises with a straight three inch brim and a bore crown which is shallow, but wider at the top than near the brim. One black model has an eagle feather sticking straight out and up in front another two tall black quills rearing up on the side, a third two wings of white ribbon poised squarely in front.

From straw to satin.

Wide brims appear, too, though these are naturally less in evidence early in the season. One of the smartest is made with a brim of shiny cream reed straw and a crush crown of black felt.

Rose Valois likes toques and turbans for advance season wear and shows them made of everything from a soft crushable silky straw to ribbed white satin. There are white Turkish turbans with a rolled effect about the face finished with an upstanding brush of black feathers, stocking cap toques made of black silky straw and black straw toques with two red birds of paradise sweeping upward from each side.

A number follow the flower vogue by thrusting a cluster of gardenias in one side to nestle against the ear.

Veils are seen too. Sometimes on toques they film the eyes and nose, again on sailors they are worn extending three inches beyond the edge of the brim.

HOSPITAL FACILITY ENJOYS CARD PARTY

About 20 women from Ward Seven of the veterans' facility enjoyed a card party Tuesday given by the Capt. H. J. Reilly Auxiliary. Refreshments were served following cards. Mrs. E. P. Rice was chairman.

RELIEF CORPS TO MEET TOMORROW AFTERNOON

The Gen. George S. Evans Relief Corps will hold its regular meeting tomorrow afternoon at 2:30 o'clock in Odd Fellows Hall.

RODNEY DELBON BETTER AFTER OPERATION

Rodney Delbon, who visited here at the home of his sister, Miss Montana Delbon for several weeks, is reported to be much improved after an appendicitis operation which took place last week at a Turlock hospital.

LEGION AUXILIARY MEETS TOMORROW

The San Mateo County Council of American Legion Auxiliary will hold its monthly meeting in Veterans' Hall Friday evening at 8:15.

HIGHER RUM TAX LOOMS
SACRAMENTO, Mar. 7 (AP)—A substantial increase in liquor taxes above the raises proposed in the administration's tax program will be sought in both houses of the legislature, Sen. Will T. Sharkey revealed today. The movement to raise revenue was based on discovery that rates in other states far exceed those in California.

ARRIVES FOR VISIT WITH GRANDDAUGHTER
Mrs. Olcott D. Loveridge of Seattle has arrived for a visit at the Atherton home of her granddaughter, Mrs. Willard H. Sheldon, and Mr. Sheldon. She has been in Glendale for some time with her daughter, Mrs. J. H. Thompson.

MISS VIVIAN MEYER CONFINED TO HOME
Miss Vivian Meyer, English instructor at Sequoia, has been confined by illness to her home for the past few days.

Grange Shown Reel On Radio Telephone

The members of the East Palo Alto Grange were entertained on Tuesday at their regular meeting by four reels of sound pictures showing the part the telephone lines take in radio broadcasting through remote control; the manufacturing of the cable used by the telephone company; a traverse of the islands of the world which are now connected with the United States by telephone, and of the telephone exchange in Chinatown, San Francisco.

It was announced that the Home Economics Club will hold its regular meeting on Wednesday, March 13, at the home of Mrs. A. M. Gravestock, 578 Almond street.

CHINESE REDS SCORE GAINS
HONGKONG, Mar. 7 (AP)—Communist troops from Kweichow yesterday streamed south, after inflicting a heavy defeat on Chinese Government forces at Tsunyi. The Reds abandoned Chihshui and Taohing, then captured Tsunyi. They now are trying to cross the Wu-kiang river and threaten Kweichow.

Automobiles from 28 states were counted on a street in Panama City, Fla., in a single afternoon.

to the broadcasts over radio station KQW every evening at 6 o'clock which are of interest to the farmers.

The tea committee for the next meeting on March 19 was announced to include Mrs. Ida Furush, Mrs. C. E. Brown, Mrs. Hattie Anderson, and Frank S. Becker.

Coyotes Are Slain On Hopkins Estate

Furtive grey phantoms which howled like wolves before the very doorstep of the Timothy Hopkins mansion no longer menace the burghers of Menlo Park and their wives and daughters today.

Mike Hara has taken down his "long rifle" and the weapon has spoken! The assistant chief of the Menlo Park Fire Department went stalking on a recent day and his mission was not to "bring 'em back alive." As a result, the pelts of two large coyotes are in Hara's possession and he is preparing a bill for \$10 in bounty fees which he will shortly tender the State of California.

Ed Polson, foreman of the Hopkins ranch, said he might have bagged the wild beasts himself if

Swinerton Gets Post On San Diego Fair

Alfred B. Swinerton, Woodside resident and San Francisco business man who is also regional director of district 12, federal housing administration, has been named a member of the advisory council of the Palace of Better Housing of the California Pacific International Exposition, opening in San Diego May 29. Swinerton will work with a council headed by James A. Moffett, federal housing administrator, chairman, and Ward M. Canaday, director of public relations for FHA, vice chairman.

he had owned the proper "shooting irons." It was Polson who first detected the spoor of the "varmints" down by the Hopkins chicken coop when the necessary ingredients for a fricassee were found to be missing on Sunday.

Marseilles, France, where King Alexander of Yugoslavia was assassinated, is the greatest port of France.

The British Institution of Electrical Engineers has awarded the Faraday medal to Dr. F. B. Jewett of New York.

The bite of the black widow spider sometimes causes death, and almost always produces at least a painful, serious illness.

Hospital Fire Hazards Listed

Chief Morris Suggests 17 Changes to Make T. B. Ward Safe

Seventeen recommendations for eliminating fire hazards at the tubercular unit of the Community Hospital in San Mateo were made today by Fire Chief Hugh Morris of San Mateo in a communication to County Executive Walter Kellogg.

Climaxed by a suggestion that plans be formulated for replacement of the present building with a fire-resisting structure, the recommendations will be given careful consideration by the executive, he said today.

Requests for funds for a new building, however, will not be made until the budget for next fiscal year is prepared, he said. Meanwhile, other steps suggested by the fire chief to make the building safe are being taken, so far as possible, under supervision of Maj. Charles C. Gans, acting county health director.

The recommendations were:

1. Aerial wires be removed from the roof of the hospital and the nurses home. Or, that they be raised to a height of at least eight feet to give head clearance. This does not include the aerial on the roof of the tuberculosis ward building.

2. Rags be removed from the machinery room of elevator No. 2, of the new addition.

3. X-ray films be kept in manila folders, and approved metal cabinets be provided for their storage within the X-ray room.

4. Vent over gas range in the kitchen of the hospital be cleaned.

5. Papers and rags in the basement of the nurses' home be removed and that basement be kept clean at all times.

6. Shrubs, under the "counter-balance ladder" be removed, be removed from both ends of the nurses' home.

7. Electric cords in the nurses' home be checked.

8. Windows leading to the fire escape be serviced so they will operate freely.

9. "No parking" signs be displayed in front of the two fire hydrants.

10. The door and door-jam to the X-ray vault be covered with sheet-metal.

11. Grass, rubbish, lumber and combustible material be removed to a distance of at least 50 feet from the X-ray vault.

12. Convenient outlets to be provided for night lights in the tuberculosis ward.

13. Exit doors in the tuberculosis ward be unlocked at all times.

14. Grass, rubbish, rags, bedding and papers be removed from under and around the tuberculosis ward, and said premises be kept clean at all times.

15. Hand fire extinguishers be re-charged.

16. The water supply for fire protection be increased to 1,000 gallons per minute. The present fire flow being only 170 gallons per minute. The present flow will supply only one fire stream having a seven-eighth inch tip, or two, one and one-half inch fire streams having five-eighth inch tips.

17. Plans be provided for the replacement of the present tuberculosis ward building with a fire-resisting building.

Is This Too Good For Your Cough?

Creomulsion may be a better help than you need. It combines seven helps in one. It is made for quick relief, for safety. Mild coughs often yield to lesser helps. No one can tell. No one knows which factor will do most for any certain cough. So careful people, more and more, are using Creomulsion for any cough that starts.

The cost is a little more than a single help. But your druggist is authorized to guarantee it, so it costs nothing if it fails to bring you quick relief. Coughs are dangerous signs. For safety's sake, deal with them in the best way known.

County Relief Work In Full Swing Again

County relief work was in full swing today, with all projects fully manned, following increase of the March appropriation for San Mateo county from the curtailed \$30,000 to \$75,882. Capt. L. G. McAloney, acting relief director, reported today.

The director also revealed that starting tomorrow morning a course of talks would be given the 70 members of the administrative staff of the relief organization by Ben F. Culver, Stanford graduate who is now in the state emergency relief office.

LIQUOR BILL CHANGED

Proponents of liquor legalization at Stanford's "back door" today amended the Gilmore bill so that the measure would confine the university's mills and a half "dry" jurisdiction solely to Santa Clara county. The rider would legalize the sale of liquor in all Menlo Park establishments. It would also permit sale of intoxicating beverages on the north side of the San Francisco creek county line in the area adjacent to the Stanford golf course. A hearing on the bill has been set for March 13.

Liquor Men Suggest Restaurant Closing

Closing of Redwood City restaurants between the hours of 2 a. m. and 6 a. m., as requested by Redwood City liquor dealers represented by Attorney Fred Comba, was asked of the city council Monday night.

Comba said the purpose was to check any illegal sales of liquor during that period when the police force has but a limited number of men to check violations. City Attorney Albert Mansfield was asked to draw up an ordinance.

Supervisors Attend Legislative Meeting

San Mateo county's supervisors and Engineer Carl Scott were in Sacramento today attending a meeting of all supervisors of the state to consider measures now before the legislature. The plan to surrender control of county roads to the state was expected to be discussed at the meeting.

The first steamship ever to cross the Atlantic was the Savannah. The trip was accomplished in 1819, but the Savannah ran out of fuel before reaching her destination and had to utilize her sails to complete the trip.

Landini's Rites Set for Friday

Colma Constable Dies After Trying Diet To Reduce Weight

Victim of a lengthy illness, Silvio Landini, 54, one of California's most widely known and picturesque constables and an important figure in many of the most important criminal cases of the peninsula, died shortly after midnight Wednesday at his home at 408 Winchester avenue, Daly City.

A resident of that city for 25 years, Mr. Landini was known and feared by lawbreakers and admired by the constituents who re-elected him to office four times after his first election in 1914. He had been in failing health for several years, following an attempt to follow, too rigidly, a so-called "Hollywood diet" several years ago. On several occasions he collapsed while on duty. His last attack occurred last December. He was too ill to accept reappointment to his position January 7.

During his period of office, his territory extended from the San Bruno county line to Burlingame and from the ocean to the bay. One of his most notable crime solutions was the murder of Father Heslin by William A. Hightower. Surviving Mr. Landini are his wife, Mrs. Lillian G. Landini; two daughters, Mrs. Edith G. Fuhr of Burlingame and Mrs. Beatrice Roberts of Fairfax; a son, Arthur, of Daly City; three brothers, J. W. and James F. of San Francisco and Renaldo of Hayward, and three sisters, Mrs. C. Paderecco of San Francisco and Mrs. O. Armondo and Mrs. B. Cuneo of Daly City.

Funeral services will be held Friday at 10:30 a. m. from his residence, with cremation following at Cypress Lawn Memorial Park. The Crosby Funeral Parlors of Burlingame will be in charge of the rites.

TWO FORFEIT \$15
Two speeders forfeited bail by failing to appear in Justice of the Peace Edward I. McLaughlin's court today. They were Frank Frier, \$10, and Mrs. H. Barkan, \$5.

There are 76 slaughtering and meat packing plants in Canada.

Muscular Rheumatism

Muscles so hot and sore and tender they feel as if they had been boiled? And so lame you can't move them without crying out from pain? Rub them lightly with penetrating Moore's Emerald Oil—one minute's rubbing and soon its penetrating, soothing warmth will soak deep into the tender tissues and ease the pain.

Emerald Oil is guaranteed by all good druggists to give you quicker relief than anything else you have ever tried, or it won't cost you a cent.

2 NIGHT SCHOOL CLASSES START

Management of Home, Swimming Added To Curriculum

Two new courses, one in swimming and one in home management, were announced today by S. S. Mayo, principal of the Sequoia evening high school.

The swimming class will meet every Tuesday from 7:30 to 9:00 p. m., starting March 12. Class and individual instruction will be given by Dorothy Fowler. A towel fee of 50 cents is the only charge.

The home management course is open to both men and women. Misleading advertising, selection of household equipment and furnishings, planning and family recreational facilities will be considered in the course.

The class will meet each Wednesday from 7:30 to 9:30 p. m., starting March 13.

The instructor will be Gladys Lathers. No charge will be made for registration, which for both courses may be made at the main Sequoia office at any time.

BURIAL NEAR SWEETHEART DENIED YOUTH

Norris to Be Buried In Capital; Girl To Be Cremated

OAKLAND, Mar. 6 (AP)—Walter Norris, 23-year-old San Jose State College senior, will be denied his last wish—that he be buried alongside the body of the girl he killed before committing suicide—plans for the funerals of the slain couple showed today.

The family of 17-year-old Jean Marie Stahl, Mills College freshman slain by Norris, spurned his plea and arranged to cremate her body Thursday.

Three hours later Norris will be buried in Sacramento next to the body of his father who killed himself 11 years ago.

Students at Mills College will hold a memorial service to honor the memory of the girl.

Irvington Man Hurt On Visit to County
Martin Good of Irvington, Alameda county, was believed near death in the Mills Memorial Hospital in San Mateo today suffering from injuries received when he was struck down while walking on El Camino Real by the machine of Patricia Patterson of San Mateo.

According to Miss Mary J. Gray, who was riding with Miss Patterson, the man was not seen until it was too late to avoid hitting him.

Good, who with John Carey had come from Irvington to visit William Marfick of Redwood City, suffered several broken ribs and internal injuries, according to hospital attaches.

Resident Here 46 Years Dies

Carl Axel Peterson, Fireman, Is Victim Of Pneumonia

Carl Axel Peterson, 54, carrier in the Frank Tannery here for the past 35 years and a resident of this city since 1889, died late Saturday night from lobar pneumonia at his home at 104 Cedar street after a brief illness.

A volunteer member of the Redwood City Fire Department for 26 years, of the Foresters, Odd Fellows and Rebekah lodges, and of the Congregational church, Peterson, a native of Sweden, had become well-known here. He was past treasurer of the Foresters and past noble grand of the Odd Fellows.

Surviving relatives are his father, Frank E., and his sister, Jennie V. Peterson.

Burlingame Youth Falls From Balcony

SAN MATEO, Mar. 6.—George Lee, 24, of Burlingame was in the Mills Memorial Hospital today suffering from a possible fractured skull, elbow and back injuries and several fractured ribs, incurred when he apparently fell from a 21-foot high balcony in a rooming house at 709 First avenue today. He was found lying below the balcony by occupants of the house at 6 a. m.

Two 'Quakes Rock Southern California

LOS ANGELES, Mar. 7 (UP)—Almost on the second anniversary of an earthquake which struck California March 10, 1933 taking more than a hundred lives and costing millions of dollars in damage, two sharp tremors shook the Los Angeles coastal plain shortly after noon today. No damage was reported.

Sedan Driver Sought In Bayshore Death

The driver of a sedan that sped past Redwood City on the Bayshore highway at 3 a. m. Sunday was being sought today by sheriff's officers as the hit-runner responsible for the death of Harlowe Harris, 32, struck as he was apparently crossing the highway near Palo Alto.

Injuries inflicted on Harris indicated that he was killed immediately, Deputy Sheriff Leland Quinlan said, although it was believed the autoist was later struck by another machine.

A prominent Palo Alto man whose name was not divulged by the officer found Harris' body soon after he was killed. He telephoned officers and also told of seeing the sedan speed past him at Redwood City.

RIGHT NOW THE COST IS SO LITTLE
WITH 1/2 OFF
ON EXTRA ELECTRICITY

"How different from an ordinary lamp," you will say when you examine one of the new Sight Saving lamps.

It is different of course. Its advanced principle of design means better light and better light means a new measure of comfort and protection when reading, sewing or doing other visual work.

Best of all, the Sight Meter, that scientific instrument for measuring light, shows that the new Better Light lamps give 20 to 30 footcandles of light—the correct amount for normal reading or study. This is several times as much useful light as you get from an ordinary lamp.

Good light costs less today than ever before. Electricity is cheap—especially so with 1/2 OFF ON EXTRA electricity now available to you each month throughout 1935.

EACH MONTH OUR CUSTOMERS ARE
SAVING \$135,000 AND MORE BY

MAJOR GANS MAY GET POST IN 14 DAYS

**Kellogg Tells Board
Action Is Now Due
In Two Weeks**

Promise that he would have a decision in two weeks on the county health situation and his plans for filling the office now held temporarily by Dr. Charles C. Gans was made to the board Monday by County Executive Walter Kellogg. Supervisor Albert Witt, Colma, expressed a strong opinion that the board was entitled to know what Kellogg intended to do about Major Gans.

Kellogg said that he was working on the situation at this time, and would have a report to make in two weeks.

Gans is holding the post until a successor is named. He could not qualify for the office because he had not resided in the county for 90 days. It has been repeatedly reported that Kellogg was delaying the appointment until Gans can qualify.

Gans will have completed the 90 days' residence requirement by March 7 and Kellogg is expected at that time to nominate him for the office.

The retired army major is not drawing county pay at this time, Kellogg said.

White Oaks Secures City Water Service

White Oaks in San Carlos will be supplied with Redwood City water service as requested by the Consolidated Development Company, the city council decided Monday night.

Supplying of water to 80 consumers of the tract was opposed by the California Water Service Company, but the petitioners insisted on securing the lesser rates charged by Redwood City.

Water will be supplied at rates 10 per cent higher than charged in Redwood City. No expense to the city will be incurred, and no profit is anticipated.

Councilman Evans Fletcher moved that the service be extended, and Councilman Paul McCarthy offered the second.

Moore Estate Willed To Sisters, Brother

The estate, valued at more than \$10,000, left by Ellen Elizabeth Moore, 56, who died February 13 in Hillsborough, was bequeathed to her sister, Addie Ohiradelli, wife of Domingo Ohiradelli, except for a bequest of \$500 made to another sister, Clarissa Catherine Stewart, and a parcel of bonds to a brother, William Lyle Cook.

This was revealed today when a petition for probate of will and issuance of letters testamentary was filed in superior court by Addie Ohiradelli through Oliver Dibble, San Francisco attorney.

The sister to whom the \$500 bequest was made is now dead. Cook

Miss Ogden's License Restored By Jurist

Superior Judge Maxwell McNutt today signed a judgment canceling the order of the registrar of contractors which revoked the license of Miss Barbara Ogden of 940 Clinton street, Redwood City, contractor. The judgment was based upon the grounds that the registrar had no jurisdiction in the matter. The case had been appealed by Miss Ogden through her attorney, A. J. Harwood of Redwood City.

The estate consists of property in Los Angeles and San Mateo counties.

Cobb Trial Is Set Here for March 19

Hershel Cobb, 18, son of the famous Ty Cobb, of Atherton, pleaded not guilty in justice court today to a charge of battery and assault brought by Miss Julia Conner, 19, of Redwood City. Trial was set by Judge Edward McAuliffe for March 19 at 10 a. m.

Faulkner & Melvin appeared for the youth, and Louis Dematteis for the state.

Each day in the year brings an average of about 20 visitors to the grave of O. Henry, the author, in Riverside cemetery at Asheville, N. C.

Flying Boat Tests Held Successful

SANTA MONICA, Mar. 7 (UP)—Closely guarded preliminary tests of a huge armored flying boat built for the navy were pronounced successful by Douglas Aircraft engineers today.

The "flying fortress" of approximately 100-foot wing spread, was launched yesterday while secret service men watched alertly for cameras.

Details of its construction are being kept secret.

An ordinance proposed by Beresford residents restricting building in that district was taken under advisement.

Doke Pleads Guilty To Embezzlement

OAKLAND, Mar. 7 (UP)—Judson C. Doke, acquitted slayer of his wife's post-lover, Lamar Hollingshead, today suddenly pleaded guilty in superior court here to a charge of embezzling funds of the City of San Leandro.

His attorney agreed to the guilty plea on one count of an indictment if four other counts and two outstanding indictments were dismissed.

The prosecution consented as conviction on one count would rate of 276.816 miles per hour.

The count to which Doke pleaded guilty charged theft of \$16.95

McQueen Tells Value Of Smaller Papers

George McQueen, advertising manager of The Tribune, yesterday addressed the members of the San Francisco Advertising Club on "Small City Newspapers: the Greatest Force in Modern Advertising."

The meeting, held in the Gold Room of the Palace Hotel, was attended by 500 San Francisco advertising executives, one of the largest meetings ever held by the organization.

Elliot C. Hensel, director of advertising, Oakland Tribune, spoke on metropolitan newspapers.

of city funds. Sentence will be pronounced next Thursday.

Relief Funds Win Increase

County Status Aided As F. R. Agrees To Changes

Capt. L. G. McAloney, acting director of relief, announced today that the March appropriation for San Mateo county has been increased from the curtailed figure of \$30,000 to \$73,882, assuring that full relief efforts may be continued for the present.

In Washington, according to the United Press, the administration compromised today with rebellious senators to send the controversial work relief bill delay of which is responsible for the local situation back to the floor for another effort at enactment.

The \$4,880,000,000 measure would enable the government to "quit this business of relief."

The joint resolution as reported by the senate appropriations committee after a comparatively short session contained an administration concession distributing the appropriation into eight general purposes and classes of projects. While that compromise was made, the administration stood firm on the prevailing wage issue. The committee defeated, 12 to 12, the McCarran amendment which brought the stress of a presidential veto and 12 days of delay when it was adopted in the senate February 21.

Senator McCarran, Nevada Democrat, said he would once more introduce his prevailing wage amendment when the bill was acted upon on the floor.

The sloth has an average speed of one mile in 6 1/2 hours, according to estimates. The animal always travels head down, and never lets go of one branch until it has a firm grip on the next.

The assassin bug wears a suit of convict stripes. There are about 2000 species in this family, most of which feed on the bodies of other insects.

Annual County Fete in Park Being Planned

McCarthy and Kellogg At Work on Plans For Festival

Plans for an outdoor county festival or celebration to be held annually, probably in Memorial Park, are being formulated in the minds of County Executive Walter Kellogg and Publicity Director William McCarthy, they revealed today.

All details of the affair remain to be worked out. Suggestions advanced already are for a festival honoring pioneers of the county, particularly Gaspar de Portola; a three-day celebration climaxed by a "Governor's Day," of which the governor of the state would be honored guest; horse or stock show; flower show; huge basket picnic, pageant, and other forms of celebration.

Since the climate of the peninsula is at its best in the autumn, it was believed that time of the year would be most suitable for such a festival. Chrysanthemums are also in bloom then, and a flower show could be included in the fete.

Costs of the celebration, which it is believed would be small, would be borne by the county and by interested individuals through popular subscription, according to one idea advanced.

"This festival would be one in which all the people of San Mateo and neighboring counties could participate, at practically no cost, and would bring a great deal of publicity to the peninsula," McCarthy, acting publicity director, January 15 by Kellogg, stated.

It would also serve to popularize Memorial Park, the officials believe.

Red hair is the heaviest of all hair. Blond hair weighs less than brown, and brown less than black. Silver candelabra presented by King George II of England still hang in St. Thomas Episcopal Church at Bath, N. C., built in 1734.

Tornado Hits Kansas; Season's On

A tornado whipping out of the southwest, a towering black cloud with its tail lashing across the city, spread destruction in suburbs of Wichita, Kan., opening the Sunflower state's tornado season by hurling four homes and three business buildings in ruins to the ground. This picture vividly shows the advance of the storm, snapped three-quarters of a mile away by the photographer before he sought shelter.

Eagles Steal Lambs On County Coastside

More than 40 lambs have been taken by bald eagles in the Alameda district and on the coast in the past few weeks, Max J. Leonard, San Mateo county agricultural commissioner, revealed today. The losses were reported by growers in these sheep-producing centers and by the predatory animal hunter, Jacob H. Ott. Animals weighing up to 30 pounds have been killed. The game warden of the district has been working with the farmers in the areas to stop the losses. This variety of eagle is protected and the fish and game commission is co-operating in controlling the situation.

"As the lambs grow the danger is lessened as they get too large for the animals to handle," Leonard stated.

Pair Appeal Verdict Of San Mateo Court

An appeal from the police court decision finding them guilty of violating a San Mateo ordinance prohibiting the keeping of more than two dogs has been filed in superior court today by Peter Pedersen and his daughter, Olga Pedersen, through their attorney, Wayne Millington. The pair were recently fined \$25. In their appeal they maintain the verdict was contrary to law and evidence and that violation of the ordinance was not proved.

Sequoians to Debate 2 Teams March 12

Sequoia high school debaters will meet Los Gatos and San Jose high school in league debates March 12 it was announced today by Harvey Hall, club adviser.

One Sequoia team will travel to Santa Cruz, but the other debate will be held here. For both contests the question will be "Resolved: That competent medical care should be available to all students."

The following Sequoia students are working on the affirmative case: Bob Steiner, John Canning, Josephine Hogevoel, Larry Freer and Bob Hess. Those working on the negative case are William Gustilo, Byrne Pike, Sydney Cutlerman, Virginia Wilmoth, Dorothy Hardenedy and Catherine Scrivner. At present Sequoia is tied with San Mateo high school for first place in the league rating.

The United States has more female auto drivers than any other country in the world.

Don't Get Up Nights

Make This 25c Test Use Juniper Oil, Buchu leaves etc., to flush out excess acids and waste matter. Get rid of bladder irritation that causes waking up, frequent desire, scanty flow, burning and backache. Get Juniper oil, Buchu leaves, etc., in little green tablets called Bukets, the bladder laxative. In four days if not pleased go back and get your 25c. Get your regular sleep and feel "full of pep." —Young Drug Co.

COUNCIL SPLITS ON PROPOSAL TO ALLOW MORE BILLBOARDS

Splitting 3 to 3, with Councilman James Eva absent, the city council Monday refused to grant a permit to make four signs out of two now located at El Camino Real and Pine street and El Camino Real and Lincoln avenue.

The council did grant a permit to the outdoor advertising firm to erect three V-type, or double panel signs, on the east side of the Bayshore highway north of Brewster avenue.

This brings the number of billboards in Redwood City to 41, one more than the limit believed adequate for the city. Councilman Paul McCarthy and George McNulty opposed the granting of the Bayshore highway signs.

McCarthy, McNulty and Councilman Robert Jones voted to permit the firm to beautify the two outdoor signs on El Camino Real, but voted down Councilman Evans Fletcher's motion to grant the firm the right to build two additional panels. Councilman Louis Christensen and Mayor Charles Lambert voted for the additional boards.

City Manager Ernest Rollison was asked to inspect the El Camino Real signs and make a recommendation to the council. L. W. Carroll represented the firm, Foster & Kleiser.

Twilight Ball Park Ordered

Horace Hawes Park Selected By Board As Play Site

Immediate development of a soft ball diamond, to be equipped with lights, was ordered for the new Horace Hawes Park on Roosevelt avenue by the city council Monday night.

Cost of the development is figured at between \$800 and \$900 by City Manager Ernest Rollison. Fill of the lot for the baseball diamond, which will be secured from the Hetchy development running nearby, may be somewhat delayed because of the recent storm, but Manager Rollison said every effort would be put forth to complete the improvement at once.

Some efforts toward making the diamond self-sustaining will be made by charging \$1 per hour for the use of the lights. The cost of electricity will be about 54 cents per hour. The extra sum will go toward globe replacements and other incidental expenses.

Councilman Robert Jones declared in voting for the diamond that if Redwood City would secure the electric utility profits here by acquisition of the plant, many such recreational facilities could be financed without cost to the taxpayer.

Securing of the diamond was brought about through efforts of the Redwood City Lions Club. The improvement was ordered upon motion of Councilman Evans Fletcher and second of Councilman Louis Christensen.

Among privileges now allowed prisoners in certain British prisons are weekly dancing classes, animal pets, fitted gymnasiums, educational talks by radio, and classes in shorthand and foreign languages.

Munitions ate up most of the \$250,000,000,000 expended during the World War.

Gable-Colbert Held Over at Redwood

The Redwood Theatre announced today that because of popular demand they are holding over "It Happened One Night" with Claudette Colbert and Clark Gable. The picture was awarded every honor by the Academy of Motion Picture Sciences and was proclaimed by all critics as the outstanding great picture of 1934.

It will be shown again at the Redwood Theatre tonight and Saturday in conjunction with "Charlie Chan in London," a mystery thriller with the inimitable Warner Oland.

Sequoia P.T.A. Completes Plan On Dental Clinic

A dental clinic is to be started immediately at the Sequoia high school.

This was the decision made at Monday's meeting of the board of the Sequoia Parent-Teacher Association, at which final details were completed. Mrs. J. E. Morrish, president, said today.

Students unable financially to have their teeth cared for will be able to have emergency work done at the school clinic. All students will have a thorough dental examination, local dentists having volunteered their services. Student will be urged, Mrs. Morrish said, to have this work cared for by their regular dentists.

Pay for two half days of a dentist's time has been donated by the Sequoia girls' council, and another two half days' pay have been donated by the P.T.A. Support will be purchased from proceeds of about \$25 realized at the Fathers' Night dinner last month.

A. C. Argo, principal, discussed necessity of passing the \$75,000 bond issue to make Sequoia safe in case of earthquakes.

Election of officers will be held March 14. The nominating committee is composed of Mrs. L. E. Wise, chairman; Mrs. P. D. Jarvis, Mrs. Ernest Marten, Mrs. Dudley Moulton and A. C. Argo.

San Mateo Injured As Wife Pets Dog

When his wife, according to police, tried to pet a dog and lost control of her car, C. S. Burwell, 64, of San Mateo suffered slight injuries as the automobile plunged over a 40-foot embankment on the San Pablo highway near Richmond Sunday.

Buildings constructed of adobe brick following the design of early missions are being constructed by SERA labor for the San Joaquin County Fair at Stockton.
